

Till Death Do Us Part

It seems to me...that you are the girl of my dreams!

But I'm afraid to meet in person-feeling so uncertain!

Before I seal my fate...I need to know if you are the real deal

and not just another date!

I want you to be mine-through the test of time and to remain in one
another's heart!

Til Death Do Us Part!

I don't want to fool around-after I found...

my future wife...for the rest of my life!

At this moment in time...

I really need someone-to come into my Heart...

Til Death Do Us Part!

I pray to God above...that this will be true love...one that fits like a
glove...because I want to start...with all my heart...knowing it's...

Til Death Do Us Part!

I don't want to live... **or** I don't want to play games...

with another broken heart... **or** with one another's heart...

because at this moment in time...I realize...it must be...

Til Death Do Us Part!
